SHELF TROLLEYS

A major fleet for safe food transport

← Smooth surfaces for easy cleaning and maximum hygiene

← Push-through protection on both sides

← Maximum stability thanks to welded cross struts on both sides

HAVE A GOOD TRIP

BLANCO Professional shelf trolleys. Quality comes first.

BLANCO shelf trolleys impress thanks to their ideal combination between stability and mobility since food also needs to be safely transported from A to B.

The high-grade craftsmanship is particularly evident in the details: the tube clamps feature a smooth surface, meaning no tapering, no dirty edges, greater hygiene and more design.

Loading, storing, transporting and serving. BLANCO shelf trolleys are ideal for multifunctional use and provide plenty of room for GN containers, GN sheets, GN trays and GN grates.

Select from 19 models and a useful accessories range with stainless steel and Resopal panelling, and dust protection and insulating hoods.

Look forward to using a strong trolley fleet that provides the right model for every occasion.

BLANCO shelf trolleys: long operating life featured as standard.

All-round stability

The robust, all-round base frame adds extra stability while also protecting the support rail against deformation.

Safety first

The special U-profile of the support rails acts as an integrated tip safety device.

Connected crosswise

Cross struts increase the overall stability. Thanks to their offset arrangement, they can also be used as support rails.

Smooth surface

Tube clamps without tapering. This not only guarantees a beautiful, functional design but also maximum hygiene since there are no edges collecting dirt.

Also safe during transport

The push-through protection is mounted on both sides and thus ensures safe transport in every direction.

Bumper rail fitted as standard

All shelf trolleys are equipped with a strong bumper rail. They protect the trolley and inventory against damage.

BLANCO SHELF TROLLEYS

Model	RWRA 850 Shelf trolley	RWRA 851 Shelf trolley	RWRA 852 Shelf trolley	RWR 751 Shelf trolley
Special features	with worktop		2-piece with worktop

ACCESSORIES

Illustration	Model	Designation	For models	Order no.
	Dust protection hood for shelf trolley	Dust protection hood consisting of transparent, tear-proof polyethylene, 200 µ, 5-sided protection, with Velcro fastener	RWR 160	573 717
			RWR 161	568 772
			RWRR 161	568 757
			RWRR 162	573 018
			RWR-VP 163	568 773
	Insulating hood for shelf trolley	Insulating hood , interior and exterior sides made of food-safe, tear-resistant polyethylene, 300 µ, filling: polypropylene 3 mm thick, aluminised on both sides, 5-sided protection, with Velcro fastener (not suitable for RWR with panelling)	RWR 160	568 774
			RWR 161	568 775
			RWRR 161	568 905
			RWRR 162	568 776
	Panelling made of stainless steel	Panelling , 2- or 3-sided made of stainless steel	for all RWR models	Please specify when ordering
	Resopal panelling	Panelling , 2- or 3-sided made of Resopal	all RWR, not available for: RWRR 161 RWRE 161 RWR SK 161	
	Top surface	Trolley top made of stainless steel	RWR 160 RWR 161 RWR 162	
	Push handle	Push handle made of stainless steel	RWR 2, RWR 3, RWR 2-A, RWR 3-A, RWR 160, RWR 160-20, RWR 161, RWR 161-20, RWR 162	
	Transport safety catch	Transport locking bar made of stainless steel	RWR 160, RWR 161, RWR 162, RWR-VP 163, RWR 160-20, RWR 161-20, RWRA 850, RWRA 851, RWRA 852, RWR 751	

THE BLANCO PROFESSIONAL GROUP.

Our clients are as diverse and varied as our portfolio. In order to ensure we do our very best for every client, we concentrate our skills, abilities and capacities in four highly specialised business units: Catering – products and systems for professional commercial kitchens. Medical – functional medical furniture for clinics, medical practices and outpatient departments. Industrial – custom-made high-precision pieces using stainless steel, aluminium or synthetics for industry. And Railway – equipment for galley kitchens and bistros on high-speed trains.

All of BLANCO Professional's business units have DIN EN ISO 9001:2008 certification, guaranteeing a high standard of reliability and customer orientation.
